Secretary,
American Numismatic Society,

New York City,

Dear Sir:-

The editors of the National Cyclopedia of American Biography have been compiling, for a revised edition of our Conspectus Volume, a list of the Presidents of the American Numismatic Society. This group is almost complete, but we now need to check it from some official source so as to insure its accuracy.

I am writing to ask if you will be kind enough to send me a list of those persons who have served as president since the formation of your organization, together with the dates when they held office.

Your courtesy in furnishing this information will be appreciated.

Yours truly,

George Derby
